Engaging "I Spy" Game to Master HMH High-frequency Words for Kinder!

Dive into the captivating world of vocabulary with our "I Spy" game, specially created to reinforce the High-Frequency HMH words for Kindergarten. Get ready for a language-learning adventure that unveils 120 HMH Kindergarten words, organized over 9 modules.

Our "I Spy" game is just one part of a comprehensive toolkit that provides diverse and interactive methods for teaching and learning. During each of the four weeks of each module from 1 to 3, students will work on the words for the entire module (4 words in module 1, 12 words in module 2, and 12 words in module 3). From modules 4 to 9, students will encounter flashcards with the 4 words of that week and 4 words from the previous week as a review. There is a different set for each week, so you can play a different game each week during the 36 weeks of the course.

Explore a Variety of Activities:

- 1. Classic "I Spy" Game:** Hide the flashcards throughout the classroom for students to discover and write down on one of the two available worksheets*.
- 2. Dictation Challenge:** Randomly dictate the words of the flashcards and have students write them on one of the two available worksheets*.
- 3. Literacy Center Fun:** Laminate each flashcard and place them face up. Challenge your students to find specific words, whether from the current week, the entire module, or the entire year's word collection.

Two Available Worksheets:

- Write the words on the blank lines with the corresponding words.
- Fill in the blocks with each letter's size and length.
